

“I often have trouble remembering...Is it Alzheimer’s disease?”

“What are the first signs of Alzheimer’s disease?”

“Do treatments exist for Alzheimer’s?”

“What causes Alzheimer’s disease?”

“Can we prevent Alzheimer’s disease?”

FREE LECTURES ON ALZHEIMER’S DISEASE AND RELATED DISORDERS

Discover the answers to these, and many more common questions about Alzheimer’s disease.
Accurate information is the key to prevention and to a better quality of life!

The Alzheimer Society of Montréal offers free lectures to groups of 15 people or more, with the goal of providing the latest facts about Alzheimer’s disease and related disorders.

Lectures are available in several languages:
French • English • Portuguese • Italian • Spanish

Let’s demystify Alzheimer’s disease and empower ourselves with the most up-to-date information.
